DEMOCRACY IN SESSION

(Continued from Page One)

Representatives by the Fourth and Fifth Districts respectively, County Committee.

In case of failure of Judicial and Representative Districts to make nominations respectively as above, the convention shall make the required nominations.

To the chairman and members of the Democratic County and District Conventions.

Gentlemen: our Committee on Platform and Resolutions respectfully submit the following report:

"The Democratic Party of the City and County of Honolulu hereby endorse the National and Territorial platforms of the party.

"We point to the record of Democratic members of the Legislature, Board of Supervisors, Police Department and other offices, as an earnest of what may be expected from our nominees in the direction of efficient and honest legislation and administration, whenever we shall succeed to the control of the several departments of government in the Territory and the county.

"We declare for prompt legislation stripping Territorial officials of all local functions and the enlargement of local self-government by transferring to the various county officials the duties properly belonging to them.

"We arraign the Republican administration of this Territory for its neglect to adopt measures to carry into effect the provisions of the Organic Act which require the purchase of the rights of private owners in sea fisheries, and the throwing open of such fisheries to enjoyment by the people; and we pledge the legislative candidates of this convention to such action as will carry those provisions into prompt effect.

"We pledge our Senators, Representatives, and Supervisors, if elected, to enact effective building and housing laws and regulations to prevent unsightly and unsanitary camps and tenement damaging to health and property.

"We pledge our legislative nominees to an endeavor to secure such modifications of the existing election laws as shall dispense with the requirement of a nomination fee or other payment of money by a candidate for public office, and such as will make the certificate of the presiding officer and secretary of a bona fide convention of any organized political party a sufficient nomination of any candidate selected by such conventions.

"We favor the construction of a belt road around this island, and a progressive policy of public improvements."

PLAN OF CAMPAIGN

(Continued from Page One.)

any such expression as "mana ka ihi," Chillingworth was told that there was no statement that the expression was in the speech, but that it was reported to have been used to delegates.

"I am quite certain that Kuhllo did no canvassing among delegates," said Chillingworth. "In his address on the platform, while denouncing Huestace, he plainly said he had no objection to Republicans supporting Lucas. How can he be accused of drawing a color line in view of that statement, which everyone heard?"

The matter of just what expressions Kuhllo used is being a good deal discussed. In the excitement of the moment, much of his speech in Hawaiian was not interpreted to the convention at all, and the delegates who understand Hawaiian differ a good deal.
